### **Introduction of electronic register**

We will be introducing the key fob system that some of you are familiar with and already used for the show, for class registration. Just to reassure you, this fob does not hold any personal information, it simply has a unique number that is linked to your child within our secure database.

For those of you that haven't been issued a fob, will be handed to your child at the first class of term.

Please attach the fob to your child's dance bag so that it comes to each class with them.

The fob will be passed across an electronic device upon entry and exit to register them in and out.

We are looking forward to welcoming you back to the new term.
